

**Letter of Recommendation**  
Genevieve Stinson

It is with great pleasure to recommend Miss Genevieve Stinson for an elementary teaching position in your district. Miss Stinson was a student teacher in my third grade classroom during the fall semester of 2016.

During the time I have worked with Miss Stinson, she had shown herself to be highly motivated, dedicated, and professional in her placement. Miss Stinson was an integral part of starting up the new school year. She learned as much as she could during that time, asking important questions, and always taking initiative to complete necessary tasks to help the students. Right from the start, I knew I was very lucky to have Miss Stinson join my classroom.

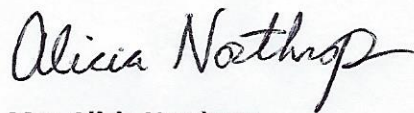

Miss Stinson was a conscientious and committed student teacher. She was always well-organized and prepared for working with my students. She established appropriate objectives and communicated these learning goals effectively to the students. Miss Stinson quickly grasped the students' learning styles in my classroom and created appropriate lessons to fit the diverse needs of my students. She prepared excellent materials and visual references for her lessons that my students still continuously use in the classroom today. Miss Stinson used formal and informal assessment strategies in a positive manner to direct her teaching almost daily.

Miss Stinson developed an excellent rapport with the students from the start. She is a very caring individual who always exhibits concern for the student's emotional, mental, and physical well-being. The warmth and respect that she exhibits with her students, has helped create a positive and productive classroom learning environment. This has helped Miss Stinson become successful in implementing and following through effective behavior management techniques in the classroom.

Miss Stinson is an enthusiastic and hardworking individual who is willing to put forth the time and effort required to meet the needs of the students in her classroom. She always has been professional in her relationships with students, parents, and colleagues.

Miss Genevieve Stinson has developed the skills and knowledge to become an excellent elementary teacher. I truly believe that Miss Stinson will be a valuable asset to the education of children in your district. If I can be of any further assistance, please contact me.

Sincerely,

**Mrs. Alicia Northrop**  
Third Grade Teacher  
Valley Central School District
